MON BALZAC

Description

The restaurant is located in the center of the Main, right by massive, very old church of St. Mary's. Interior decorations are appreciated – very interesting combination of tradition and modernity. The local is certainly more suitable for banquets, business meetings or ceremonial dinners. For groups looking for a dinner built in the tour program we recommend other dining options. Our suggestions don't stem to the higher price level but more of the time. In the restaurant 'Mon Balzac' we should not rush but it's better to take a taste of delicious cuisine combined with the deepening of social and business relationships. The advantage of this restaurant is access to the conference room (capacious for 40 people) and exceptionally comfortable accommodation facilities. Additional opportunities arise from the restaurant's cooperation with operating in the same building Artus Hotel.

Menu

Restaurant invites for interesting breakfast offer, which results from the mentioned cooperation with the Hotel Artus. On the so called Swedish table you can find classic breakfast dishes: sausages, scrambled eggs, hams, jams ... It is also worth mentioning about lunch: – in the offer: toast with egg, cheese and ham, warm baguette with ham or tuna. Choice of the dinner dishes also very wide and most importantly - dishes are superbly prepared. We recommend sour soup and of the main dishes - large beef steak. For dessert we attempt to creme brulee, apple pie or chocolate cake. Fans of wine will be also surely satisfied – Wines on offer: Italian, Spanish, Uruguayan, Argentinian, from New Zealand and more ...
