

### **Slipways Elblag Canal - hydrotechnical world rarity**

Tour allows you to explore a very interesting part of Poland, where the great monuments of technology are surrounded by a unique natural setting. Beginning in Elblag, city for many centuries remaining in the shadow of the nearby located Gdansk. Nevertheless, it is a city with an interesting past, which is evidenced by such monuments: the St. Nicholas church, the former St. Mary's Church or the spatial arrangement of the Old Town.

The biggest attraction is a boat trip across the Elblag Canal, which technical mastery is also surprising today! The difference in level in the channel between Elblag - Ostróda is 100 m. To overcome these limitations the ramp and lock system was built, whereby ships in a unique way can overcome terrain obstacles. Cruising the canal also provides unforgettable scenery, because the route goes through natural priceless Druzno Lake.
