

Campfire

In this proposal, we combine natural advantages with a typical recreation. At the beginning we suggest a short walk along paths of the TriCity Scenic Park. This large forest complex (area of nearly 20,000 ha) is rightly called the ‘green lung of TriCity’. Very surprising are natural riches of the area, which determines, among others terrain with a clear glacial past. After the walk we invite you to bonfire. Location - Forestry Golebiewo. Fireplace in the tight protected shelter, thus the success of the event is not dependent on weather conditions. The possibility of catering service and tasting such as roast wild boar.

Program of event:

- Short crossing paths of TriCity Scenic Park (ca 45 min.);
- Campfire on Forestry Golebiewo, the possibility of roasting sausages;
- Tasting of e.g. wild roast boar;
- Tasting drinks.
